## **ALEXANDRE ABYLA'S PROFILE**

### About

Alexandre Abyla is an artist at the crossroads of hyperrealism, pop art, and street art. With a background as a professional decorative painter, he has created a multitude of decors, murals, and trompe-l'oeil works over the past 30 years, both in the public and private domains, spanning from the Renaissance to Baroque, Romanticism, Impressionism, Modern, Contemporary, as well as abstract and figurative drawing styles.

Alexandre Abyla, a born artist, has developed a profound passion for painting and for his muse, the source of his inspiration, his most fantastical and fervent dreams. He will exhibit an unwavering love for Woman, this goddess who is simultaneously uninhibited and fascinating, becoming the cornerstone of his artistic foundation. From intricately detailed hyperrealism to drawing us in with the profound gaze of his beloved, until our eyes are fixed on her lips and her silky, sparkling hair. Alexandre Abyla will sparingly employ a repetitive variation of a somewhat vulgar gesture, always in a humorous and romantic tone.

In each of his creations, he embodies the chivalrous knight of his lady, respectful, attentive to her desires, and moods. With strokes of his brushes, vibrant colors, and pep, he brings forth the light of his muse. The perfection of femininity from every angle, an emotionally naked portrayal full of love, care, and tenderness.

### **Angel of Gentleness**

This sumptuously exposed woman will envelop you in her bubble of love. Behind her dreamy curves and her flowing hair, lies a woman who loves herself and others, who enjoys herself gently and serenely. In harmony with her body, full of confidence, she invites our gaze to contemplate her radiant beauty with a hint of a smile. The Angel of Gentleness delights in allowing us to glimpse the beauty of her soul in all its splendor.

### **Rebel Angel**

A love-hate relationship, a "I love you" and a "I love you too," a cheeky gesture to whisper in your ear in a bewildering manner that I love you... The Rebel Angel represents this fiery, strong, funny, endearing, generous, natural woman who embraces us with her eyes, her graceful smile, and her overwhelming charisma. A sparkling gaze, a provocative gesture to play with herself, to tease her admirers, facial expressions, and lips that fill us with kindness... This indomitable woman will make you vibrate around the world, young or old, rebellious, rock 'n' roll, or elegant, she will challenge you with amusement and love.
